Volta, MCASH Group, Showcases its Latest Electric Motorcycle Prototype 'Volta Cyrus' at the Indonesia International Motor Show (IIMS) 2024

Jakarta, February 20, 2024 - Volta, a subsidiary of PT NFC Indonesia Tbk (IDX: NFCX) under the MCASH Group, unveils its latest electric motorcycle prototype, 'Volta Cyrus', at the Indonesia International Motor Show (IIMS) 2024. This prestigious event serves as a platform for Volta to introduce the latest innovations in the automotive world.

Continuously driving technological advancements and providing sustainable mobility solutions, Volta presents the prototype 'Volta Cyrus,' a remarkable achievement in the evolution of electric motorcycles. The introduction of this new Volta electric motorbike variant at IIMS 2024 offers visitors the opportunity to explore its outstanding features and classic design, blending retro aesthetics with modern innovation, and creating a unique riding experience.

'Volta Cyrus' is set to be launched soon, symbolizing not only the latest innovation in electric motorcycles but also reflecting Volta's commitment to embracing change towards environmentally friendly transportation. With captivating design and advanced technology, 'Volta Cyrus' is poised to achieve new milestones in the national automotive industry.

Specifically designed to meet the needs of the Millennial generation, 'Volta Cyrus' features a fresh design and comes equipped with the latest features such as an LCD Digital Speedometer, Keyless Ignition System, LED Lamp, and USB Charging Port. The USB Charging Port feature allows riders to easily charge their phones while on the go.

The motorcycle is also equipped with a 64V 21Ah LiFePO4 battery with dual battery slots, providing speeds of up to 60 km/h and a maximum range of 120 km. Additionally, the motor can withstand loads of up to 190 kg. The Brushless Direct Current (BLDC) features of the Volta Cyrus include double hall sensors and double waterproof seals on each side, enhancing the motor's reliability and durability in various environmental conditions.

Through active participation at the IIMS 2024, Volta opens up opportunities for visitors and automotive industry observers to directly experience the technological advancements offered by the Volta Cyrus. In the dynamic exhibition atmosphere, visitors can witness firsthand and experience the excellence of this electric motorcycle.

Okie Octavia Kurniawan, CEO of the Volta Group, said, "The Volta Cyrus is not just a new electric motorcycle but also a significant step towards realizing the vision of sustainable mobility. With a combination of retro aesthetics and modern technology, we at Volta are committed to bringing positive change to the automotive industry. The Volta Cyrus is tangible proof that an environmentally friendly future can be experienced today."

IIMS visitors and interested individuals can visit the Volta booth at IIMS 2024, Hall B3, Booth E15, JiExpo Kemayoran, Jakarta. Volta will be present from February 15 to February 25, 2024. At the exhibition, Volta is also offering their Volta XXX program (Xtra Battery, Xtra Cashback, Xtra Rewards). For every purchase of a Volta 401 electric motorbike unit and Volta Virgo, visitors can receive a free extra battery worth Rp 3,000,000, extra cashback of Rp 500,000, and free membership worth Rp 480,000. Additionally, the Double Battery Double Power promo offers a discount for additional lithium batteries at Rp 3,500,000 specifically for the purchase of Volta Mandala. Together, we can explore a more environmentally friendly future of mobility.
